Additional Fees for Finals

Community Center Rental	\$500	Additional expense for Finals – Friday evening setup & all day access to gym on Saturday.
Decorations	\$250	Additional Expense for Finals

- As of right now we do not have a cool down pool.
- If we wanted to rent the outdoor water park in the morning it would be \$400 for each 2-hour increment.
- We did explore the option of renting the waterpark for the entire day. The quote was \$2,500. That is not a feasible expense.

Voted on by Coaches -

- 1) No two-hour access to outdoor cool down pools.
 - \$750 split 4 ways = \$187 each team
- 2) With access to 2 hours of outdoor cool down pools.
 - \$750 + \$400 split 4 ways = \$287 each team

Result - Coaches voted unanimously to forgo the expense.

We explored the option of additional lanes for warm-up/cool-down. It was going to cost all the teams more money which would be an expense passed to parents. In the spirit of summer league and the needs of our developmental swimmers it was decided the additional expense was not necessary.

Sincerely,
Anna Lawhon
